---

Two (2) months ago we sent you a memorandum regarding complaints of our constituents on public nuisance particularly motorcycles with cut out/disconnected/modified mufflers which produce exceptionally loud and irritating noise. We have been receiving again the same complaints and I myself observed of the same.

In this regard, you are again directed to apprehend violators of public nuisance law and other applicable laws related hereto. Please prepare your strategic plan in effectively solving this public nuisance and report to this office action taken thereto.

For your strict compliance.
